

Client : _____

Project name : _____

Order # : _____

Type : _____

FEATURES & BENEFITS

Physical :

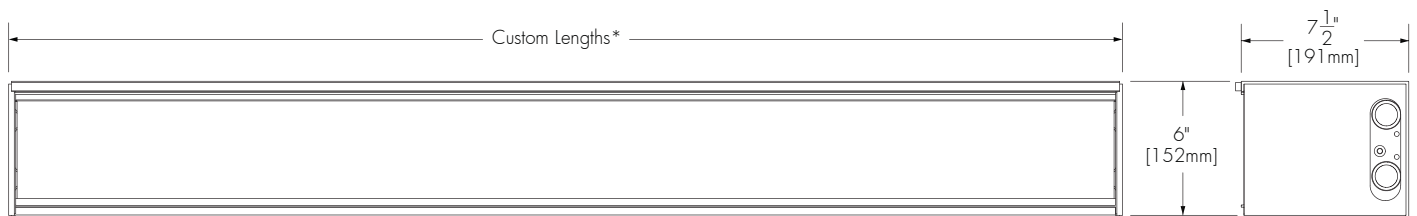

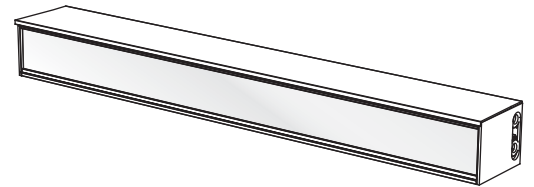

- Extruded aluminum housing
- High performance optical acrylic lens
- Terminal block for power + data

Performance :

- 1:1 visual brightness uniformity
- Lumen maintenance L70 @ 25°C - 80,000 hrs (full intensity)
- Colors range 16.7 million colors, additive RGB

Electrical :

- Line voltage luminaire for 120 to 277 V
- 4.5 watts per linear foot

* Dimensions are subject to change according to project specifications.

5 year warranty

HOW TO ORDER

- The LumenfacadeFX is always a project specific product solution.
- Please consult factory for design support and specifications.
